Introductory

In presenting our Price List for 1927, we wish to thank our customers for their past patronage and respectfully solicit their future business. The stock growing in our Nurseries is the most complete we have ever had in respect to size, quality and variety, and should satisfy the most exacting buyers.

TERMS. 30 days Net. No discount. Interest charged on all accounts after maturity.

DELIVERY. The prices herein named are at our Nursery, or F. O. B. the Express and Railroad Station at Elmsford, unless otherwise agreed.

PACKING. A nominal charge will be made for labor and materials used.

GUARANTEE. You have our assurance that all stock will be in good condition when shipped, but we naturally cannot guarantee it to grow under all conditions, nor can we make up losses arising from climatic effects or culture. We try to be fair in the matter of any adjustments and we ask our customers to reciprocate this feeling, which we might add we find in almost every case is done. However, we cannot entertain any complaint unless the account has been paid within 30 days from date rendered.

While we exercise the greatest care to have all Trees, Shrubs and Plants true to name, we do not give any warranty expressed or implied, and it is understood and agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original purchase price.

All claims for errors must be made within six days after receipt of goods, or such claims will not be considered.

Stock will be supplied at prices named herein. Where dozen or hundred rates are quoted, six of any one variety will be supplied at dozen rates, twenty-five of any one variety at hundred rates, otherwise, unit rates will prevail.

Prices quoted are for first class stock, but where specimens are personally selected by the purchaser or his representative, they will be charged for according to their individual values.

Larger specimens, \$15.00 to \$35.00 each.

ACER PLAT-SCHWEDLERII (Schwedler Norway Maple).

In every respect similar to the Norway Maple except in the color of the leaves which are bright purple when young and retain a purplish green color all summer. This is the most decorative of all Maples.

10 to 12 ft., 1¼ to 1½-in. calipre, \$7.50; 12 to 14 ft., 1½-in. calipre, \$10.00.

Larger specimens, \$50.00 to \$75.00 each.

ACER SACCHARINUM (Sugar Maple). The well-known native Maple.

12 to 14 ft., 2-in. calipre, \$7.50; 14 to 16 ft., 2½-in. calipre, \$10.00; 14 to 16 ft., 3-in. calipre, \$12.50 to \$15.00.

JAPANESE MAPLES

ACER POLYMORPHUM ATROPURPUREUM. (Blood-leaved.) This is the best of all the Japanese Maples. The foliage is reddish crimson or blood-red in spring and becomes duller as the season advances, but it holds this color all the season. The growth is upright and bushy and makes a beautiful "Lawn Specimen."

12 to 18 inches, \$3.50 to \$5.00 each.

ACER POLY-ATRO DISSECTUM (Cut-leaved). The foliage is very fine cut and blood-red when young; changing to purplish green in summer. Very dwarf, with graceful weeping form.

12 to 18 inches, \$5.00 each.

HORSE-CHESTNUT

AESCULUS HIPPOCASTANUM. A well-known tree with abundance of white flowers in May. Makes a fine "Lawn Specimen."

12 to 14 ft., 3-in. calipre, \$15.00 each.

Larger specimens, \$25.00 to \$35.00 each.

BEECH (See *Fagus*).

5 to 6 ft., 1 year heads, \$5.00 to \$7.50.

DOGWOOD

CORNUS FLORIDA (White Dogwood). A fine native tree of medium growth, with large white flowers in early spring, followed by an abundance of red berries in the fall. The foliage in the fall is also very brilliant.

Nursery grown specimens, \$5.00 to \$15.00 each.

CORNUS FLORIDA RUBRA (Red Flowered Dogwood). Like the preceding, except that the flowers are deep pink. This variety is very scarce.

3 ft., \$5.00; 3½ ft., \$7.50; 4 ft., \$10.00; 5 ft., \$12.50; 5½ ft., \$15.00; 6 ft., \$17.50.

HAWTHORNE

CRATAEGUS, CRUSCALLI (Cockspur Thorn). White flowers, tinged with red.

2 to 3 ft., \$1.00; 3 to 4 ft., \$1.50; 4 to 5 ft., \$2.00;
5 to 6 ft., \$2.50.

CRATAEGUS OXYCANTHA. The celebrated hedge plant of England; also useful for single specimens.

4 to 5 ft., \$2.00; 5 to 6 ft., \$2.50.

CRATAEGUS OXY COCCINEA FL. PL. (Paul's Double Scarlet Thorn). The best of the "Thorn" family; flowers are double and bright red.

4 to 5 ft., \$2.50; 5 to 6 ft., \$3.50 each.

BEECH

FAGUS SYLVATICA PURPUREA (Purple Beech). The foliage is dark purple and the tree of slow growth.

4 to 5 ft., \$5.00; 5 to 6 ft., \$7.50; 6 to 7 ft., \$10.00; 7 to 8 ft., \$12.50; 8 to 10 ft., \$15.00 to \$25.00.

MAIDEN HAIR TREE

GINKO BILOBA. A handsome tree of medium size; pyramidal in growth with foliage resembling the maiden hair fern.

8 to 10 ft., \$5.00; 10 to 12 ft., \$7.50 to \$10.00.

MULBERRY

MORUS TARTARICA PENDULA (Teas Weeping Mulberry). One of the prettiest of our dwarf trees. Forms a perfect umbrella-shaped head, the branches touching the ground.

Three-year heads, \$5.00 each.

Larger specimens, \$7.50 to \$10.00 each.

POPLARS

POPULUS FASTIGIATA (Lombardy Poplars). A fast pyramidal-growing tree than can be planted close together for an immediate screen.

8 to 10 ft., \$1.50; 10 to 12 ft., \$2.50; 12 to 14 ft., \$3.00; 14 to 16 ft., \$3.50; 16 to 18 ft., \$5.00 to \$7.50.

FLOWERING CRABS

PYRUS MALUS BECHTELI (Bechtel's Flowering Crab).

2 to 3 ft., \$1.50 to \$2.00; 3½ to 4 ft., \$3.50.

PYRUS, MALUS, FLORIBUNDA ATROPURPUREA. Free flowering Crab, with single crimson flowers.

3 ft., \$1.50; 4 ft., \$2.00.

PYRUS, MALUS, FLORIBUNDA ATROSANGUINEA. Brilliant carmine flowers.

3 ft., \$1.50; 4 ft., \$2.00.

GRASS SEED

ELMSFORD EVERGREEN LAWN GRASS MIXTURE—We have made an extensive study of grasses, and have here combined in one mixture several of the very best kinds in such proportions as will give the best results. Some of the kind are naturally early and give the lawn a bright color as soon as Spring opens up. Others will stand the heat and drought of Summer and others again will keep on growing until late in the Fall. We consider our "Elmsford Evergreen Mixture" to be as good as any on the market to-day. For new lawns, sow 85 to 100 pounds to the acre.

Per pound, 60c; bushel (20 lbs.), \$10.00.

THE ELMSFORD SHADY SPOT GRASS MIXTURE—A combination of grasses that naturally grow in shady places, of guaranteed purity and free from weeds.

Per pound, 75c; bushel (20 lbs.), \$12.50.

PERMANENT PASTURE MIXTURE—A combination of various grasses recognized for good pasturing qualities—a combination that will keep growing from early spring until late in the fall. Sow 50 to 75 pounds per acre.

Bushel (14 pounds), \$7.50.

LANDSCAPE DEPARTMENT

The Landscape Department is an important branch of the Nursery business. We are well equipped to undertake the development of either large or small estates.

The individual members of our firm have had a life experience in this work and are well qualified to give practical advice in the development of new places, or the renovation and care of old ones. We have developed and renovated a number of new and old places; the names of the owners will be given on request. We have moved a quantity of large trees with great success and are fully equipped to take care of this branch of the work. We have also made an extensive study of Rockery work and have done a number of large jobs of this nature, which we will be pleased to show to interested customers.

Estimates and specifications on any of the above work will be cheerfully given.

Where we are called on to give advice regarding care, etc., of established plantings, lawns, etc., entailing no work, a charge for time and transportation will be made.
